Subject: - Request for industrial visit.

Dear Sir,

With reference to above mentioned subject I am writing to ask for your permission to visit your sugar industry, which is located at kukarmunda on 17<sup>th</sup> February.

I would like to mention that we have scheduled this industry tour for our T.Y.B.Sc (Chemistry) students as per KBCNMU syllabus in order to provide them with an understanding of how things function in the real world.

A total of 45 students would be escorted by a 5 member of our college staff. The purpose of visit is to broaden their understanding through demonstrating the responsibilities done by various divisions.

I hope you will give us the opportunity to tour your facility and meet your knowledgeable employees. I am hoping favorable reaction from you.

Thank you very much in advance

| Description of Event                     | <p>In April 2020, amid the nationwide lockdown imposed due to the Covid-19 pandemic, we organized a national-level quiz aimed at increasing general awareness about Covid-19. The primary goal of this initiative was to educate participants on the various aspects of the virus, including its transmission, prevention, and the importance of following safety protocols.</p> <p>The quiz was conducted entirely online, utilizing platforms such as WhatsApp and personal email to circulate the quiz link. This approach ensured maximum reach and participation, allowing individuals to engage from the safety of their homes. The event saw an overwhelming response, with approximately 1180 participants from various regions joining in.</p> <p>The quiz comprised a series of questions designed to test and enhance participants' knowledge about Covid-19. Topics included the virus's symptoms, preventive measures, the importance of social distancing, and the significance of wearing masks. The questions were curated to be both informative and engaging, encouraging participants to stay informed and cautious during the pandemic.</p> <p>To incentivize participation and acknowledge the efforts of the participants, a certificate of participation was issued immediately upon successful submission of the quiz. This instant recognition was well-received and added to the overall success of the event.</p> <p>Overall, the national-level quiz on Covid-19 awareness achieved its objective of spreading crucial information during a critical time, helping to foster a well-informed community capable of contributing to the fight against the pandemic.</p> |
| Expected number of Participants in event | 1180 (approx..)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

Responses:

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental setup and the procedures followed during the study.

3. The third part of the document presents the results of the study, showing the data collected and the analysis performed. It includes tables and graphs to illustrate the findings.

4. The fourth part of the document discusses the conclusions drawn from the study and the implications of the findings. It highlights the strengths and limitations of the research and suggests areas for future study.

5. The fifth part of the document provides a summary of the key points discussed in the document and offers a final conclusion.

**Programme Certificate:**

Submitted By: Dr. Y. A. Dashing, HOD, Botany

Submitted to

| Date of Event        | 06/05/2022                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Theme of Event       | The theme of the webinar was "Strategies to Crack Competitive Examinations After Graduation and Post-Graduation." The objective was to provide students and recent graduates with valuable insights, strategies, and resources to effectively prepare for various competitive examinations that can significantly impact their career trajectories. The session aimed to demystify the preparation process, offer practical tips, and inspire participants to approach their exam preparation with confidence and determination.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Description of Event | <p>The National Webinar, jointly organized by the Internal Quality Assurance Cell (IQAC) and the R.F.N.S. of Senior Science College Akkalkuwa, in collaboration with the Institute for Advance Studies (IFAS), Pune, commenced with a warm welcome by Principal C. P. Sawant, who served as the chairperson of the event.</p> <p>The program began with the keynote address by Prof. P. P. Mahalikar, Ex. Pro. V.C., KBCNMI, Jalgaon. Prof. Mahalikar provided a profound insight into the significance of competitive exams and the impact they have on shaping a successful career. His motivational words set the tone for the webinar, encouraging students to approach their exam preparation with determination and resilience.</p> <p>The first plenary session was delivered by Mrs. Alisha Habib from IFAS, Pune. Mrs. Habib emphasized the importance of career opportunities in life sciences, understanding the exam pattern and syllabus thoroughly. She shared valuable tips on how to break down the preparation process into manageable segments and highlighted the role of consistent practice and revision.</p> <p>In the second plenary session, Mr. Shivam Mishra, also from IFAS, Pune, focused on the psychological aspects of exam preparation in respect to Chemistry subject. She discussed strategies to manage stress and maintain a positive mindset. Mrs. Sikka's session was highly interactive, with participants engaging in discussions about their own challenges and receiving practical advice on overcoming them.</p> <p>The third and final plenary session was conducted by Mr. Rajiv Abhyankar from IFAS, Pune. Mr. Abhyankar elaborated on the importance of time management and smart study techniques. He shared</p> |

| Date of Event        | On Monday, 10-04-2023 at 10:00am                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Theme of Event       | The One Day National Level Webinar on "Intellectual Property Rights (IPR) and Career Opportunities" aimed to enlighten students, researchers, and academicians on the crucial aspects of intellectual property rights, their importance in the scientific and industrial community, and the myriad of career opportunities they present. By collaborating with Tata Chemicals Limited - Innovation Centre, the event provided a platform for participants to gain insights from industry experts and academicians, fostering a deeper understanding of IPR and its significance in today's competitive landscape.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Description of Event | <p>On April 10, 2023, the Internal Quality Assurance Cell (IQAC) and the Department of Chemistry at RFNS, Senior Science College, Akkalkuwa, in collaboration with Tata Chemicals Limited - Innovation Centre, Pune, Maharashtra, organized a highly informative and engaging One Day National Level Webinar on "Intellectual Property Rights (IPR) and Career Opportunities." The webinar was attended by 98 participants, including students, faculty members, and researchers.</p> <p>The event commenced with a warm welcome by Principal C. P. Sawant, who served as the Event Chairperson. He highlighted the importance of IPR in academia and industry.</p> <p>Appasaheb Shri. Prakash B. Patil, Chairman of the Rural Foundation Nandurbar, also graced the event with their presence and shared their valuable insights. Prof. Ragendra S. Patil, Dean of Science and Technology, and Principal of PSGVPS's Arts, Science &amp; Commerce College, Shahada, also addressed the participants, emphasizing the role of IPR in fostering innovation and entrepreneurship.</p> <p>The first speaker, Shri. Ramesh Kumar Verma, Assistant General Manager of IPR at Tata Chemicals Limited Innovation Centre, Pune, delivered an in-depth presentation on the basics of intellectual property rights, their various forms, and their relevance in research and development. His session provided participants with practical knowledge on how to protect their inventions and leverage IPR for career advancement.</p> <p>Following this, Prof. Dr. Vinod S. Shrivastava, Former Principal and Academic Adviser from Indore, Madhya Pradesh, shared his</p> |

Senior science college Akkalkuwa ,  
Nandurbar-425415

**Sub: Selection of your college students (SC/ST and Women category) for the participation in the training program**

Dear Sir,

Please refer to the above communication, we would like to inform you that based on the initial data provided by you, your college has been considered for participation in the programme entitled "Creation of R&D Culture in Electronic Materials among SC/ST and Women Students in Maharashtra" which is being implemented at C-MET, Pune.

You are requested to send the updated students data of final year B.Sc. (2<sup>nd</sup> and 3<sup>rd</sup>) and M.Sc. (1<sup>st</sup> and 2<sup>nd</sup> year if any) available students (SC and ST (both male and female category)) and also women (other than SC-ST category wise) in the subjects of Physics, Chemistry and Electronics.

We are planning to start with online lectures/seminars/workshops for the students and well as faculties in the related category and the schedule will be shortly informed to you once received the required data from your side. Dr. Manish Shinde and Dr. Sudhir Arbuj will co-ordinate this activity from our side.

I look forward to hear from you at the earliest for the active participation of your college in the above said Programme.

With regards,

Sincerely yours,

(Dr. Sunit Rane)

### Student Participation in C-Met Training Programme
