**RFNS SENIOR SCIENCE
COLLEGE AKKALKUWA**

7.1.3.4 Report on the Environmental Promotional Activities Conducted Beyond Campus

The institution actively promotes a clean and healthy campus through regular cleaning efforts and the strategic placement of dustbins on every floor. Educational programs highlight the importance of cleanliness and hygiene, while beyond-campus rallies and street plays raise public awareness about environmental issues. Tree planting activities further support environmental sustainability. These initiatives reflect the institution's commitment to environmental stewardship and energy efficiency, with regular audits ensuring their effective implementation and maintenance.

Executive Summary:

The college has been actively engaged in a series of environmentally conscious initiatives conducted beyond the campus, aimed at raising awareness and promoting sustainable practices within the community. These activities include cleanliness drives, tree plantations, shramdan (volunteer work), and conservation efforts in various locations in and around Akkalkuwa. This report details the environmental promotional activities carried out by the students and staff of Akkalkuwa College in line with their commitment to environmental conservation and community engagement.

INTRODUCTION

Akkalkuwa College, situated in Akkalkuwa, Maharashtra, has a long-standing commitment to environmental conservation and community engagement. The institution has recognized the importance of extending its environmental efforts beyond the campus to create a more significant impact on the local environment and promote sustainable practices in the community. Over the years, students and staff have organized a series of activities that focus on environmental awareness and protection, contributing positively to the local environment.

Activities Conducted

Swachhata Abhiyaan College students and staff organized a cleanliness drive to emphasize the importance of a clean and hygienic environment.

Sapling Plantation: To enhance green cover, sapling plantation activities were carried out for an environmentally significant location in Akkalkuwa.

Shramdaan (Cleaning Activity): A shramdan event was conducted for reflecting the college's commitment to volunteer work in cleaning and maintaining the surroundings.

Swachh Bharat Abhiyaan: Cleanliness drives help to preserve these cultural landmarks.

Cleaning Water Body: Students and staff contributed to cleaning and maintaining an essential water resource in the area.

NSS Other Activity: Road Construction, Rally ect.

CONCLUSION

The environmental promotional activities conducted beyond the campus by Akkalkuwa College students and staff demonstrate their commitment to creating a cleaner, greener, and more sustainable environment for the community. These initiatives have not only enhanced the local environment but have also raised awareness about environmental conservation and the importance of community participation. Akkalkuwa College's dedication to such activities serves as an inspiring example of how educational institutions can lead by example in environmental stewardship and community engagement. It is hoped that these efforts will continue to inspire positive change in the community and beyond.
